**BROADCASTING/TAPING OF SCHOOL BOARD MEETINGS**

Statement of Purpose

The purpose of this policy is to define the guidelines which the Sanborn Regional School Board will employ with regard to the use of photographic, electronic audio and video broadcasting, and recording devices at regular and special meetings of the Board legally open to the public.

Statement of Policy

We believe that one of the most paramount responsibilities of a school board in a democracy is to keep the public informed of its actions. Therefore, live broadcasting or taping for later broadcasting of all public regular, special and annual meetings of the school board by local cable and/or commercial channels shall be welcome and encouraged.

Persons operating cameras, broadcasting, and/or recording devices must do so with a minimum of disruption to those present at the meeting and without creating any hazardous situation.

From time to time, the Board may make specific arrangements to utilize cable television in interpreting and communicating its various programs.
